

World Food Day(s)

Oct. 13-17. The aim of World Food Day is to heighten public awareness of the world food problem and strengthen solidarity in the struggle against hunger, malnutrition and poverty. On October 16, participating restaurants around the Salt Lake City area will be offering a "special" in small, medium and large portions that you price yourself before the bill is presented. A portion of whatever you spend on your meal will be donated to the restaurant's favorite food-related social charity.

Denise Cerreta, founder of One World Everybody Eats, has organized these local restaurants joining together on World Food Day to offer meals that could be ordered in reduced portion sizes that the patrons could price themselves, similar to what is offered daily at OWEWE community kitchens. Her hope is to raise awareness of Food Security locally with the intention of this model being replicated in other cities around the world. She asks, "Imagine if we created a day worldwide where everybody could eat. Wouldn't we want that every day"?

Food security is world-wide problem—and one Utah faces as well. Nearly 10% of Utahns live in poverty, and the U.S. Department of Agriculture estimates that 5.1 percent of Utahns deal with hunger and 14.5 percent are food insecure. The problem only threatens to worsen, too: During the past year: the price of cheese has increased by 14.7 percent, the price of eggs increased by 23.2 percent, and bread prices increased by 15.9 percent.

World Food Day(s) Event Schedule

Oct. 13 Proclamation of "Salt Lake City World Food Day" from Mayor Ralph Becker held at Squatters Brew Pub 10am. All participants welcome to also sign the declaration.

Oct. 14 A Walking Tour Noon -1:30. Starting at Crossroads Urban Center, Wasatch Community Gardens, Hildegard's Pantry, One World Everybody Eats, and The Good Samaritan Program. Tour these non-profits that deal with food security and spend 5 minutes at each location hearing about the features of their contribution to our community.

Oct. 16 World Food Day. Eat at a participating restaurant.

Oct. 17 Food Security Panel at the local Bioneers conference. Held at Westminster College, 2pm.
